STC-FTC Mentoring Program

Mentee Application

The Florida Chapter of the Society for Technical Communication (STC), in conjunction with the Future Technical Communicators (FTC) at UCF, is proud to announce its mentoring program, pairing veterans from the front lines of industry with talented technical communication students and new technical communicators. The goal: to bridge the gap between industry and academe. Once they have reviewed the applications, the program coordinators establish mentor-mentee teams that provide an optimal match of goals, skills, and styles. After the application deadline has passed, your program coordinator will email you your team information and invite you to the mentoring kickoff meeting where you will be introduced to your mentor. Once you have completed this application, sign your name and send to mentorship@stc-orlando.org.

Eligibility for Program

In order to participate in the STC student mentoring program, you must be a student in technical communication or related discipline, a student member of STC, and, if you are a UCF student, a member of FTC. An STC Student membership for the remainder of the year costs $75, and FTC has no fee. Subject to availability of funding, the Florida Chapter typically rebates new student members $25 on their first year’s membership.
